Dedicated and disciplined team player

EDUCATION

Associate Graduation Degree in Electronic and Mechanical Engineering
Institution: Indira Gandhi National Open University (IGNOU)

Repair and Maintenance Course on Smerch Weapon System (Russia)

Diploma in Opto Electronics (Army)
Institution: AICTE Approved Institute

Graduation Degree in Army Institution: Army Training Institute

PROFILE

Highly accomplished and dedicated Army professional with an exceptional track record in Electronic and Mechanical Engineering. Seeking a challenging position where I can leverage my extensive expertise in managing and maintaining advanced weapon systems, optical and thermal imaging equipment, and providing unparalleled technical instruction.

WORK EXPERIENCE

Your Job Position here

- Smerch Weapon System: Commanded 16 years of unparalleled expertise in the repair, maintenance, and operation of the highly sophisticated Smerch Weapon System, ensuring optimal performance and mission success.
- Thermal Imaging Equipment: Possess an extensive 25-year background in handling and troubleshooting cutting-edge thermal imaging equipment, specifically Lorros, providing crucial insights and superior situational awareness to enhance operational effectiveness.
- Optical Equipment: Demonstrated exceptional proficiency in maintaining and operating a wide array of optical equipment crucial for military applications, accumulating an impressive 32 years of unwavering dedication to precision and reliability.
- Administrative Experience: Led administrative tasks for 20 years, flawlessly executing work supervision, independent monitoring, and comprehensive management strategies, resulting in streamlined operations and impeccable organizational efficiency.
- Technical Instructor: Acclaimed for delivering unparalleled technical instruction to diverse audiences, including diploma and engineering classes, as well as officer advanced courses, instilling invaluable knowledge and fostering the professional growth of future leaders.
